Practical Application of the Forensic Experiential Trauma Interview

"I have been in the law enforcement world since 1991, having interviewed thousands of people for various crimes and as witnesses. I thought I had it down pat. After completing the FETI training, I realized how better prepared I was now for today's interview scenario ... trust me, FETI is where it's at ... You will not be disappointed."

Ray Dawson

USAF (Retired)

Special Deputy Sheriff at Scott County Sheriff's Office

What is FETI®?

Certified FETI® is the founding and governing body of the official Forensic Experiential Trauma Interview, a science and practice-based interviewing methodology informed by the latest research on the neurobiology of trauma and memory.

The Forensic Experiential Trauma Interview (FETI®) provides interviewers with a science-informed interviewing framework that maximizes opportunities for information collection and accurately documents the participant's experience in a neutral, equitable, and fair manner.

About the Course

In the in-person Practical Application of the Forensic Experiential Trauma Interview course you will apply and practice the elements of the FETI Methodology – both as a facilitator and participant of an interview.

This three-day classroom experience includes live examples of FETI interviews, guided interview instruction and practice, and interactive instructor feedback.

PREREQUISITE TO THIS COURSE

The FETI Methodology Course (Online) or the Introduction to FETI Course (In-person) must be completed prior to attending this event.
