

Practical Application of the **FORENSIC EXPERIENTIAL TRAUMA INTERVIEW**

MARCH 3 - 5, 2025

About the course

Led by a FETI Advanced Interviewer, Certified FETI's Practical Application of the Forensic Experiential Trauma Interview Course provides attendees with three days of instruction that includes interactive classroom experiences, participation as an interviewer and participant in five interviews each, optional independent learning and facilitated review of conducted interviews.

Throughout the course, each attendee will continue to develop and practice the knowledge, skills and abilities obtained from one of the prerequisite courses: Introduction to FETI, FETI Methodology or Accelerated FETI.

This course does not certify an attendee as a practitioner (CFP-B, CFP-I or CFP-A) of the FETI Methodology but is recommended as a course to complete prior to attempting any level of certification.

ATTENDANCE

This course requires completion of all live (online) classroom instruction, interviews, and online instruction to receive a certificate of completion. Due to the interactive nature of the course with other attendees, any missed **LIVE** instruction or required submissions will result in removal from the course without refund.
